**Your guide to
Pro Coating Solutions**

Who are we?

With over 50 years of on-site paint spraying experience, as well as shot blasting and powder coating, Pro Coating Solutions is fast becoming the UK's number one resource for all your Kolorbonding requirements.

Pro-Coating Solutions is a fully accredited Kolorbond approved applicator. We even have our own paint inspector

What we do

PCS specialise in on-site wet spraying for shop fronts, major projects and residential applications

Our experienced team of mobile painters carry out a diverse range of projects on site, locally and nationally.

- Paint spraying and paint restoration
- Commercial applications such as shop fronts, retail signage and office windows and doors
- On-site colour spraying for aluminium and uPVC fabricators
- We also provide wet spraying, powder coating and shot blasting work

Markets we serve

Pro Coating Solutions operate in the following markets

- Domestic
- Local Housing Authority
- Building Contractors
- Retail and commercial shop fronts
- Commercial signage and display across all sectors
- Window fabrication

Chosen supplier for prestigious projects

Pro Coating Solutions is the go to supplier for high profile and prestigious colour coating projects – displaying the highest standard of work and expertise.

Recent on-site projects include:

BUPA Great North Run

The Pro Coating team worked around the clock to finish this iconic project.

Leopold House, Surrey

The team sprayed an assortment of bannisters and railings for this seven bedroom house located within the Crown Estate in Surrey.

Durham University

Pro Coating were commissioned to restore the radiators on-site within the room that houses the sacred Lindisfarne Gospels.

Recent projects include:

- Post Office, Domino's Pizza, NISA convenience stores and Iceland supermarkets
- Heathrow Airport new terminal – repair to panels
- Warmseal – numerous contracts on-site and within PCS Factory using Kolorbond and K2 Paint
- Akzo Nobel – sectional Roller Doors for their new factory unit opening in Ashington 2014
